Inn reservationsMr. Montandon is a local graduate of Elkhart High School and then went to Purdue University of pursue a career in Landscape Architecture. He later went into the electrical field competing 4 years of technical training at Ivy Tech and became a journeyman/wireman. In the course of purchasing and restoring older homes, Mr. Montandon was able to purchase his life-long dream home, The Beiger Mansion in 1989. The Mansion, in need of great attention from a devastating fire in 1975, has become his greatest passion in life. The Mansion, an ongoing restoration in progress, is getting closer by the day to its' original stunning splendor.

Events coordinatorOriginally from Chicago, started his multi- faceted career in San Francisco in the early 1980's. His focus on Interior and Floral design, along with restaurant management is suited perfectly to the daily tasks at The Beiger Mansion. Returning to his home, Chicago in the early 90's, Mr. Slade attention turned to owning/operating his own floral design studios in the former Playboy Building. Couple this with his experience as lead photographer at ETM Studios, also in Chicago, lends perfectly with helping brides in planning a picture perfect wedding.

Executive ChefOnce again, The Beiger Mansion pulls exceptional talent from the west coast. Ms. Drew has extensive training from the California Culinary Academy located in San Francisco. Having family in the area, Ms. Drew returned to the area and help open Marigold Market, the area's first gourmet market in the area. In 1990, she open The Beiger Mansion restaurant serving upscale luncheons to the general public. Ms. Drew later went on to open her own catering and restaurant business. In the fall of 2006, the Beiger was once again looking for a new chef and we are very fortunate to have Liz back home again planning and designing exceptional food experiences.
